# PRINCIPAL'S MESSAGE

Each school year brings challenges, successes, disappointments, friendships, and an uncertainty as to what lies ahead. However, regardless of most situations and circumstances, what does happen to you depends upon you and your attitude.

It is important that you do not fall into the trap of blaming others for the things that go wrong or the opportunities that do not come your way. You can do or become what you want if you are prepared to set the goals and make the necessary sacrifices. Too often, people are not prepared to make those sacrifices and to earn their way to the goals desired. They want instant gratification without the effort. Life doesn't work that way.

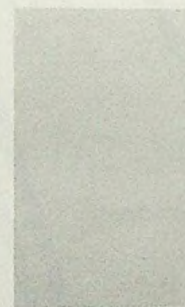

Each of you can determine your future. Don't settle for second best. Go for the "gold"!!
